4 Tools Effectively, Economically Brace & Block Your Cargo

CORRUGATED VOID FILLERS COMBINED WITH INFLATABLE DUNNAGE AIRBAGS GIVES A COMPLETE BLOCKING / BRACING SOLUTION.

Designed specifically to match your unique requirements. Separates and restrains even heavy cargo. Litco's customized void fill solutions provide you with a strong, durable - yet lightweight - method to consistently optimize your shipping load pattern. Successfully used in rail cars, truck trailers and shipping containers.

LD CORE Corrugated Bulkhead Void Filler

PREVENTS SIDE-TO-SIDE CARGO MOVEMENT

- **Works with Inflatable Dunnage Airbags to reduce empty space**
- Bolster point-of-contact with palletized goods
- Keeps heavy loads in place
- Prevents side-to-side shifts
- Always safe splinter & nail-free
- Re-usable load after load

INSTANTLY FILL EMPTY SPACE BETWEEN PALLETIZED CARGO

LD CORE Center Drop Corrugated Void Filler

- **Center Drop Void Filler**
- Keeps heavy loads in place
- Prevents side-to-side shifts
- Safer than used pallets no nails

Stores flat - pops open to use

- Re-usable load after load
- **Economical to use**

POPS OPEN TO FILL BOTH EMPTY SPACES ON SIDES OF PALLETIZED CARGO

DUAL DROP Drop Down Pallet-sized Void Filler

- **Solution** Keep a center-load pallet in place for weight distribution
- Prevents side-to-side shifts
- Safer, less expensive than used pallets
- Installs instantly. Stores flat pops open to use
- Re-usable load after load

PREVENT HIGH CARGO LOADS FROM TOPPLING OVER
